

RESEARCH REPORT (APR. 1ST, 2020 - AUG.21, 2020)

XIN ZHANG

During the period Apr.1st, 2020 - Aug.21, 2020, we mainly established some L_p theory (so called the L_p - L_q decay estimate) to the model problem arising from the study of compressible Navier-Stokes equations, together with Prof.Yoshihiro Shibata (Waseda University). Now this work is available on arXiv (arXiv:2101.09669).

CURRENT ADDRESS: SCHOOL OF MATHEMATICAL SCIENCES, TONGJI UNIVERSITY, No.1239, SIPING ROAD, SHANGHAI (200092), CHINA.
